

# AMTA Symposium Student Travel Scholarship

Sponsored by the Antenna Measurement Techniques Association

Awardee receives a complimentary registration and reimbursement of travel expenses (round trip airfare, local transportation and accommodations) of up to \$2,000 USD, for the 2019 AMTA Symposium, October 6-11, 2019 in San Diego, California.

Open worldwide to undergraduate Juniors and Seniors as well as Master's and 1st year PhD students interested in learning more about antennas, antenna measurement techniques, and related electromagnetic applications.

Applicant must be able to attend the AMTA 2019 symposium.

A mentor will be assigned to facilitate the student's participation in the conference.

## To apply, students must submit:

- An essay about his/her interest in AMTA, antennas, radar, and/or the electromagnetic-related field, providing background and future career plans.
- A resume with course/grade listings.
- A letter of recommendation from the student's advisor or faculty member, or an AMTA Senior Member or Fellow who is not a sitting Board Member, or a member of the scholarship selection committee.

**Submittal deadline:** May 3, 2019 (Midnight Eastern time)  
**Award announcement:** June 4, 2019  
**Symposium:** October 6-11, 2019 in San Diego, CA

Please visit [www.amta2019.org/students/](http://www.amta2019.org/students/) for additional information.  
For all other inquires or to submit your application, contact the Scholarship Chairman at [scholarship@amta.org](mailto:scholarship@amta.org).

The **Antenna Measurement Techniques Association (AMTA)** is an incorporated, non-profit, professional organization dedicated to the advancement and education of antenna measurements. Our members come from a variety of backgrounds, including industry, government, and educational institutions from around the world. The AMTA's primary focus is to provide a forum that facilitates a technical exchange to advance antenna and scattering measurements. This is achieved through a variety of sponsored activities, which includes an annual one-week symposium and periodic 1-day regional events. The annual symposium revolves around a technical program and vendor exhibition, and attracts more than 400 attendees and 40 exhibitors from around the world. This week-long event showcases the latest techniques, innovations, and offerings from industry leaders. One of the highlights of the symposium is Student Day, where AMTA plays host to engineering students from local academic institutions. This program provides students with an opportunity to interact with engineers and mentors from various disciplines, as well as explore future career opportunities.
